DETAILED ACTION

Election/Restrictions

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
 - I. Claims 63, 67, 69, drawn to a HCV polynucleic acid molecule encoded by SEQ ID NO: 51 or its complement and method for using the same, classified in class 424, subclass 186.1.
 - II. Claims 64, 67, and 69, drawn to another HCV polynucleic acid molecule and method for using the same, classified in class 424, subclass 228.1.
 - III. Claims 65, 67 and 69, drawn to another HCV polynucleic acid molecule encoded by SEQ ID NO: 50 or its complement and method for using the same, classified in class 536, subclass 23.1.
 - IV. Claims 66 and 70, drawn to a polypeptide of HCV, classified in class 536, subclass 23.72.
2. The inventions are distinct, each from the other because:
3. Inventions I-IV are unrelated. Inventions are unrelated if it can be shown that they are not disclosed as capable of use together and they have different modes of operation, different functions, or different effects (MPEP § 806.04, MPEP § 808.01). In the instant case the different inventions of groups I-IV are directed to the structurally and functionally different products, i.e. the polynucleic acid molecule of Group I is SEQ ID NO: 51, the polynucleic acid sequence of group III is SEQ ID NO: 50, and the product of group IV is polypeptide.
4. Because these inventions are distinct for the reasons given above and they require different search among the different groups, the restriction for examination purposes as indicated is proper.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

5. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the

Art Unit: 1648

application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
